

## Supplementary Figure 3.

A

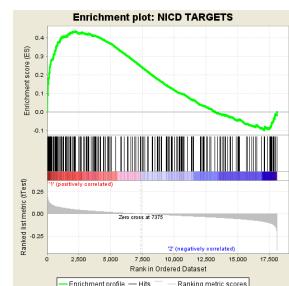

i

Invasive cell population high genes are not enriched in NICD Notch targets

ii

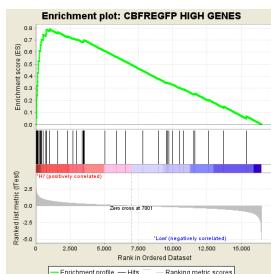

NICD Notch targets are enriched in CBFRE::GFP reporter high population  
p<0.001

B

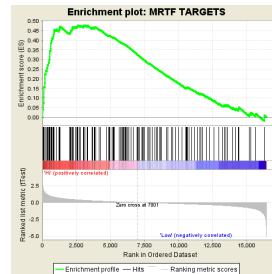

i

CBFRE::GFP high genes are enriched in Brn2 promoter high population p<0.001

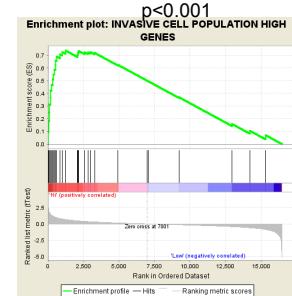

ii

MRTF target genes are enriched in Brn2 promoter high population p<0.001

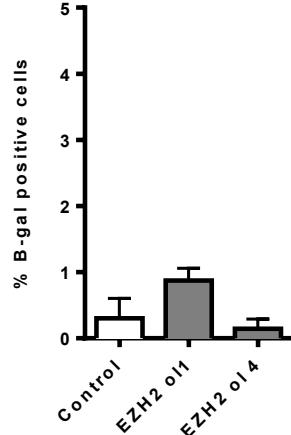

C

Invasive cell population high genes are enriched in Brn2 promoter high population  
p<0.001
